announcement that this is a new position and Mrs. Ennis will perform additional defined administrative duties under the direction of the Board of Selectmen. He noted the exact duties are still to be worked out. Mrs. Ennis will work under a yearly contract at a salary still to be determined.

In the reorganization, the fulltime secretarial position held by Mrs. Imelda "Millie" Sylvia for the past three years and four months has been eliminated. Clerical tasks have been reassigned among the existing personnel who work under the Selectmen's office and in the Town Clerk's office.

Chairman Hubbard said that as a result of these moves, "we are able to provide the same services at a lower cost to the town". The Chairman added that the office will be more efficient and have more expertise with Mrs. Ennis. The demands of the Selectmen's office have become more complex and "we need more management people aboard", he said.

Mrs. Ennis said she could combine the two positions as she now puts in 40 to 60 hours per week. She explained she

had been offered a position in Fall River at an increased salary but chose to remain in Mattapoisett.

Selectmen explained shellfish permits, licenses, stickers and parking tickets will be handled by the Town Clerk's office; bills and collection for ambulance runs will be handled by the Police Department, and Selectmen's correspondence and meeting minutes will be added to the duties of Executive Secretary Carol Adams.

In the announcement, Selectmen noted the position of Executive Secretary shall continue as in the past and the responsibility will be carried out by Carol Adams. "Carol is doing an excellent job in this capacity and her years of experience and expertise in this area are a very valuable resource for the town which we intend to fully utilize."

One full-time position has been eliminated, and there will be a reduction in the budget, said the Chairman.

When contacted after the meeting, Mrs. Sylvia said she was notified at 4 p.m. on Friday, February 17th, her job as secretary to the Selectmen was being eliminated. She said she did not receive any notice but did receive two weeks' severance pay, including overtime for her duties at Tuesday's Selectmen's meetings. She explained a statement prepared by Town Counsel was read to her

by Chairman Hubbard of the changes in the office staff and the elimination of her job.

Chairman Hubbard responded, saying it is never easy to let an employee go but felt the severance pay rather than two weeks' notice was a better way to go. "We had the option to do it one of two ways."

When asked if the Personnel Board had to approve a new position, Chairman Hubbard said the new position did not have to go to the Personnel Board first because a contract position does not come under that board. The Selectmen did, however, discuss the change with the Personnel Board on Thursday and they approved it with the resulting savings of one fulltime position.

In other business, Selectmen:

ACCEPTED WITH REGRET the resignation of Mr. Robert M. Coquillette from several town committees, effective immediately. His letter was dated February 8, 1989.

Mr. Coquillette did not cite any particular reason for the resignations from the Mattapoisett Council on Aging, the Mattapoisett Historical Commission and the Mattapoisett Historic District Study Committee. He noted he shall continue to serve on the S.A.R.A. Emergency Response Committee only until a suitable replacement can be found.

MET WITH William D. Watling of Rochester, president of Alewives Anonymous, a private organization concerned with "efforts to restore to our local rivers (Mattapoisett and Sippican) the once abundant run of alewives (herring)."

Mr. Watling said he is seeking public support from people in Marion, Mattapoisett and Rochester to clean the rivers, repair or construct fishways and the im-

He noted $3,000 has been given to Fin, Fur and Feather Club for brush cutters and other machinery to aid in their efforts to clean the river.

Selectmen endorsed his efforts and will back the program.

RECEIVED A REQUEST from Lt. James A. Santos that he be placed on the full-time officers' rotation overtime list for the Police Department. The list would include third party details, all departmental overtime shifts, and ambulance runs. He noted the request is according to the Federal Fair Labor Standards Act, for which he feels he is entitled.

Chairman Hubbard noted as the Lieutenant is a salaried position, the Board should check the request with the Police Brotherhood and with Police Chief James F. Moran.

Two others would be placed at the two access roads from the end of Industrial Drive. The Highway Department will place the gates and the Police Department will keep the keys. On another matter, the School Committee informed the Selectmen the question of the inclusion of the athletic facilities is still being discussed. In order to have a timely submission for the town meeting warrant, should it be decided to do a feasibility study of the athletic facilities, the amount suggested for the article is $5,000 -- $2,145 as Mattapoisett's share. The funds would be for architectural and engineering costs related to reconstructing, adding to, equipping, remodeling or making extraordinary repairs to the regional senior high school.

New "Friends of Hospice"

TO AID IN FUND-RAISING

A new advisory group to be known as Friends of Hospice is being organized by the area Hospice Association, it was announced last week by association president Dr. Leo Sullivan of Lakeville and Wareham. eye talk

Q. **My daughter says that, since I have had cataract surgery, I need glasses with maximum protection against ultraviolet radiation. Is she right?**

A. Yes, the lens removed during cataract surgery contained your eye's natural protection against ultra violet (UV) radiation, which is found in all light, including artificial light, but is especially plentiful in sunlight.

Recent research shows that, without that protection, ultraviolet rays could damage your retina, the sensitive inside part of your eye used for seeing. That could lead to a loss of some or all vision.

If you have an intraocular lens implant, ask your surgeon if it provides maximum UV protection. Some of the newer ones do.

If it does not or if you have no lens implant, ask your optometrist to help you obtain sunglasses with maximum UV protection. You can also obtain clear prescription lenses with maximum UV protection for wear indoors.

THE FILM IS AS IMPORTANT AS THE CAMERA

One of the things we learn, standing at the retail counter of our store, is that there is a great deal of confusion regarding the proper choice of film. With the many and varied choices available today (there are over 20), it's no wonder people have a difficult time selecting the proper film for what they like to do.

Because we want to help whenever we can, we prepared a **"FILM GUIDE"** which is yours for the asking.....no purchase required. It will help you shoot the right film for the right picture. It might also save you some money. Many people are shooting high-speed, expensive film when slower film with a finer grain and lower cost would be even better.

Count on us. We welcome your questions anytime but just having our little **"FILM GUIDE"** should be an asset all the time. Please ask for one the next time you're in.

FREE GUIDED WALK AT
NATURE PRESERVE IN ROCHESTER

If you are ready to look for signs of early spring join the Plymouth County Wildlands Trust (PCWT) for a free guided walk at the Carolyn Goodenough Bruce Reservation in Rochester on Sunday, March 5th, at 1:00 p.m. The leader will be Ellyn Einhorn. an experienced naturalist and teacher who serves on the Board of Directors of PCWT. She recommends warm clothes and waterproof footwear. Please call 617-834-4136 or 508-224-3587 for directions to the meeting place.

PCWT's Bruce Reservation is a rich, bottomland forest and swamp near Rochester Center. The land was held by the Bruce family from the early nineteenth century until 1976, when it was given to PCWT for permanent protection as a natural area by Mrs. Carolyn Goodenough Bruce. A loop path leads visitors through a pine grove, along an old fence line, across the swamp, and over a winding esker ridge. It is a place of many trees, including white pines, white oaks, red maples, grey and yellow birches, bigtooth aspens, American hollies, and a few American chestnuts - survivors of the imported chestnut blight.

The Plymouth County Wildlands Trust has been serving communities in southeastern Massachusetts since 1973. It is an all-volunteer citizens' group, dedicated to preserving natural areas for today and tomorrow. PCWT now owns over 1,100 acres in Bourne, Duxbury, Hanover, Kingston, Marshfield, Middleboro, Plymouth, Rochester, and Wareham. Membership is open to any individual, family, or business that wants to help preserve the character of the landscape in this region. Contributions, bequests, and gifts of land are tax-deductible within IRS guidelines. For more

CUMBERLAND ISLAND
A SERENE ISLAND PARADISE

Do you need a break from the everyday hustle and bustle of life? Does a serene island paradise sound like the perfect escape? The Lloyd Center for Environmental Studies will be taking a week-long voyage on April 15-22 to one of Georgia's most beautiful and secluded sea islands. Cumberland Island is 18 miles long and 3 miles wide, 8,400 acres of wilderness and 37,000 acres of National Seashore. The island was established as a National Seashore in 1972.

The island is separated from the mainland by Cumberland Sound and miles of salt marsh. In this area life abounds and varies with the tide. At low tide clams, oysters, fiddler crabs and wading birds can be seen along the tidal flats. At high tide small fish come in to feed on the dead grasses and small crustaceans, this in-turn brings in the larger wading birds and fish. During our stay we will harvest shell-

fish and, using a 100 foot seine catch, some of the marine life in the near shore waters.

Also during the trip we will hike trails looking for the many wild animals that live on the island. With any luck we will have the opportunity to see deer, armadilloes, wild horses, and wild turkeys which live among the live oaks, and palmetto. In the freshwater ponds, lakes and sloughs we will look for alligators, otters and mink. The enchantment of the live oaks with Spanish moss hanging from their boughs is worth the hike into the woods. Can you imagine a forest where magnificent live oaks with massive trunks and twisting branches are draped with Spanish moss and resurrection ferns? The dense canopy shades out all but a few errant rays of sunlight, giving the understory a magical mystical look.

The beaches, though, may be the most beautiful part of the island. They stretch for 18 miles, scattered with shells under a sky full of birds (oyster catchers, sanderlings, black skimmers and terns), yet few people to disturb this magnificent setting. Each summer giant sea turtles come to shore to lay their eggs, then return to their life at sea. Sea turtles are graceful and fragile

Imagine a few grand old mansions on the edge of the forest and marsh, some in different stages of decay and others appearing almost as if they had just been built. The Carnegie mansion, Dugeness (in ruins), will be one of our exploration sites as well as the fossil pits on the south end of the island.

Over 300 bird species have been seen on Cumberland and spring is one of the best times of year to see the large numbers and diversity of bird species. Spring is also the time when many dolphins, sharks, turtles and whales can be seen off-shore. Spring is the time to escape the rainy New England weather. So, join us on this week-long adventure to an island paradise. Participants on this week-long trip will stay at the Pink Cottage, north of Plum Orchard and the Carnegie Estate. Fee for the trip is $600. ($550. Lloyd Center members) and includes room, meals and group equipment. It does not include travel to Jacksonville Airport. N.B. Glass Museum

Seats are still available for The New Bedford Glass Museum's March 18th trip to America's foremost collection of Medieval art, The Cloisters, in New York City.

The trip will depart New Bedford at 7:00 a.m. for New York, returning at approximately 9:00 p.m., under the guidance of Museum assistant curator Janice Hudson.

Tour participants will be viewing the collection named after the actual French and Spanish cloisters carried from Europe and re-constructed on the spot, at its most beautiful. Each year, the Cloisters are decorated for the Easter season with live lilies, roses, and other medieval plants through a special Rockefeller family bequest.

Set in a hilltop park overlooking the Hudson River, The Cloisters is a medieval-styled castle housing the finest American collection of Medieval paintings, tapestries, sculpture, and art objects.

The number of seats remaining are few, so immediate registration is suggested. Cost of the trip is $30. for Glass Museum members, and $34. for the general public. Included are round-trip transportation by luxury motorcoach, and Cloisters fee.

Tobey Hospital Directory

Are you looking for a physician? Or do you simply want more information about local physicians or hospital services? Tobey Hospital can help you with a recently published Directory of Physicians and Services. These new books are available, free of charge, by calling the hospital Public Relations Office at 295-0880, extension 205.

A handy reference, the directories offer detailed information on area physicians affiliated with Tobey -- their educational background, office hours, and participation in various insurance programs. A description of the programs and services available at Tobey, as well as a glossary of medical specialty definitions and a listing of area emergency telephone numbers, is also included.

Area residents may take comfort in knowing that most of Tobey Hospital's physicians are accepting new patients, and all accept Medicare and Medicaid.

Introduction to Tarot

The beautiful and mysterious Tarot cards are often misunderstood as a fortune telling device. The true purpose of Tarot goes much deeper than this. Studying and reading Tarot becomes a journey into YOU and your spirit. The Tarot is a wonderful universal gift that can help us discover our life patterns and purposes.

Introduction to Tarot is a six-week course promoting personal growth and higher levels of awareness through the exploration of Tarot. This beginner class starts Tuesday, March 7th, from 7 to 9 p.m. in Acushnet. Emphasis is placed on evoking thought, meditation and enhancing well-being by studying and gaining insight into the Tarot's fascinating and mysterious symbols and images.

For registration and more information call 758-4694. Classes are sponsored by Nova Unlimited, wholistic resource service.

by the Lloyd center and over 225 other environmental organizations, businesses and government agencies and drew over 1100 participants over the two-day period. Nancy W. Anderson, Director of Environmental Affairs at the Lincoln Filene Center, which sponsors the event, urges those with recommendations for environmental leadership awards to write the Awards Committee, Lincoln Filene Center, Tufts University, Medford, MA. 02155. She reports, "We are also interested in suggestions for workshops and interest groups. Exhibit space will be filled on a first-come, first-served basis."

Irish Rovers in Concert

The Zeiterion Theatre presents The Irish Rovers in concert on Wednesday, March 8th, at 8:00 p.m. AT&T is the sponsor of these international ambassadors of music. Tickets are priced at $20.00, $18.00 and $16.00 with a $2.00 discount for senior citizens and students. Originally from Ireland, all the members of The Irish Rovers have been residents of Canada since their teens. "The Unicorn" was the group's first million selling single in 1967, which led to their popularity in the United States as well as Canada. Shortly thereafter, they were offered their own weekly T.V. variety series on the CBC network that ran for six seasons and won a Canadian Actra award for "Best Variety Performance".

In 1977 The Irish Rovers signed with Attic Records and have 22 albums to their credit, the latest being "Party Pack". The single, "Everybody's Making it But Me", was released in February 1985 and was charted throughout Canada. It was "The Rovers" LP (known also as "Wasn't That a Party") in 1980 that marked the return of
